

Do you want to become a Literacy Champion?

Are you interested in...

- Understanding more about language and literacy development for children aged 0-5years?
- Supporting children's love of reading in the early years?
- Supporting other parents and carers to encourage their children's language and literacy development?

Communities for Children (C4C) in partnership with 'Parents for Change' have developed **FREE Literacy Champions Training** aimed for parents, carers and community members. The FREE training will offer information on:

- Brain and language development for children aged 0-5years
- Tips on building interactive reading with young children
- Ideas on how to promote literacy and language in the early years
